NIP: 718-11-38-271, REGON: 001258611

Dear Friends!

We would like you to take part in the 33rd International Theatrical Festival 'Valise', which takes place from June 3 to June 6, 2020 in The Puppet and Actor Theatre in Lomza. The International Theatrical Festival 'Valise' is an artistic and cultural event, well-known and well-established in the international calendar of the cultural events in Europe.

Festival Valise is held annually since 1987 and has so far hosted more than 350 theaters in over 50 countries /from Argentina, United States, China, Israel, Norway, Italy, Spain, Russia, Croatia, Germany, Singapore, Japan, France, Iran and others.../, and with them dozens of guests from all over the world and thousands of spectators.

The form of the Festival is unchanged from its beginnings. The jurors asses performances with a scenography that can be put into a single valise, like in the title of the Festival. Every year the prestige of the Festival raises, which is why the guests of our festival are the best local and foreign theatrical performers.

This is a review, which goes beyond any single genre. While watching the performances we can not only experience entertaining plays but also have a chance to commune with intellectual theatre, which comes into existence due to the great passion of its creators. It is a reflection of artistic visions and experiments.

The Festival is an unusual collage of repertoire - from the classics - to innovational realizations and even experimenting. Apart form plays taking part in the contest, performed on two stages, during the Festival there will be other accompanying events: street performances, recitals, poetry evenings, meetings behind the scenes, discussions with the creators and people involved in the Theatre.

This is the reason why 'Valise' acts as an international forum for exchanging ideas, a unique chance to see professionals at work, a sphere of artistic experiments and visions. It also plays the role of partnership meetings with the authors, shows The Puppet Theatre from a greater perspective and allows new forms of expressions and beauty to come out.

If the performance is accepted by our artistic committee, you will receive official invitations to take part in the festival. We kindly expect your application.

Best regards,
Jaroslaw Antoniuk
Director of the Festival
